ITEMS AND SERVICES UNDER A COMMERCIAL (NON- GOVERNMENT) CONTRACT (APPLICABLE
TO FIXED PRICE, COST TYPE, AND TIME AND MATERIAL PURCHASE ORDERS)

1. DEFINITIONS:

- (a) "Buyer" means Stellant Systems, Inc, a corporation organized and existing under the laws of the state of Delaware, and all of its subsidiaries and affiliates.
- (b) "Buyer's Procurement Representative" means the agent of Buyer with the actual authority to make legally binding commitments on behalf of Buyer as designated on the Order.
- (c) "Item" means goods, parts, components, articles, or supplies, including, without limitation, those part numbers, model numbers, and/or descriptions set forth on the face of the Order, and shall also include computer software or hardware (including any software, firmware or other hardwired logic embedded within the hardware) delivered under the Order.
- (d) "Order" means the purchase order or subcontract issued hereunder, including these General Terms and Conditions and all other referenced documents, and any subsequent changes or modifications.
- (e) "Party" or "Parties" means Buyer and Seller individually or collectively.
- (f) "Seller" means the legal entity performing work pursuant to an Order and, if the context requires, its employees, officers, agents, subcontractors, and others acting at its direction and control or under contract to it.
- (g) "Services" means any labor, performance of a duty, or effort supplied by Seller under an Order such as installation, manufacturing, design, engineering, repair, maintenance, technical, construction, consulting, professional, or other services, where the cost of such Services are separate from and not included in the price of the Item.

2. PURCHASE OF ITEMS AND SERVICES AND ORDER OF PRECEDENCE:

- (a) These terms and conditions shall govern the delivery of Items or performance of Services provided by Seller under an Order. All documents provided for under an Order shall be in English. Any additional or different terms and conditions contained in Seller's order document, any prior quotation, or any acknowledgment of an Order (including, but not limited to, any shrink-wrap or click-through terms) that are not negotiated by the Parties and identified on the Order are explicitly rejected by Buyer without further notice of rejection and shall be of no effect nor under any circumstances binding upon Buyer. Seller expressly represents that in accepting the Order it does not rely and has not relied upon any written or oral representation, warranty, or statement not set forth in the Order and that it will not have any right or remedy arising out of any representation, warranty, or other statement not expressly set out in the Order.
- (b) The headings and subheadings of Articles contained herein are used for convenience and ease of reference and do not limit the scope or intent of the Article. The terms and conditions of the Order shall be construed and interpreted as consistent whenever possible. Any conflicts in an Order shall be resolved by giving precedence in the following order: (i) the Order document; (ii) the master agreement entered into between the Parties, if any (which is incorporated by reference in any Order issued hereunder); (iii) these General Terms and Conditions (which are incorporated by reference in any Order issued hereunder); (iv) the statement of work; (v) any specifications, drawings, or other requirements attached hereto or incorporated herein by reference; and (vi) any supplement terms, conditions, or provisions (such as an End User License Agreement) specifically negotiated between the Parties and identified on the Order.

3. ACCEPTANCE OF THE ORDER: Any of the following acts by Seller shall constitute acceptance of the Order: (i) execution of the acknowledge page of the Order and return to Buyer within three (3) business days of receipt or within the timeframe required by applicable law; (ii) initiation of any aspect of performance or notification to Buyer that Seller is commencing performance under the Order; (iii) shipment of any Items or performance of any Services under the Order; or (iv) acceptance of any form of payment, partial or complete, under the Order.

4. DELIVERY, TITLE, AND RISK OF LOSS:

- (a) Items and Services shall be delivered or performed in accordance with the schedule, shipping instructions, and delivery location set forth in the Order. For international shipments, unless otherwise set forth on the face of the purchase order, the INCOTERM for all shipments under the Order shall be DPU, Buyer's Dock, INCOTERMS 2020. Time is of the essence in Seller's performance of the Order. Buyer reserves the right to refuse shipments made in advance of the schedule set forth in the Order and may return early delivery shipments at Seller's expense. If Buyer chooses to retain the Items shipped in advance of the schedule date, Buyer may make payment in accordance with the original delivery schedule in the Order. Buyer shall not be responsible for any additional costs associated with early delivery. Buyer may also refuse deliveries made after the scheduled delivery date set forth in the Order, and in such case, will not be liable to Seller for any Items or Services not accepted. Acceptance of early or late deliveries shall not be deemed a modification of Seller's obligation to make future deliveries in accordance with the delivery schedule set forth in the Order.
- (b) When any delays in delivery occur or Seller anticipates difficulty in complying with the delivery date set forth on the Order, Seller shall immediately notify Buyer in writing. Such notice shall include a revised schedule and shall not constitute a waiver to Buyer's rights and remedies hereunder. Seller shall take all steps necessary to avoid or minimize delay. Except to the extent delay is caused by Buyer, all of the costs of delay and any additional effort shall be borne by Seller. Seller, at the request of Buyer, shall provide (i) a written explanation for the root cause of the delay, (ii) a corrective action plan to address the late deliveries, and (iii) assurances that Seller will make all future deliveries in accordance with the Order requirements and schedule. Such corrective action plan and assurances shall be satisfactory to Buyer as determined by Buyer in its sole discretion. If Buyer agrees to accept deliveries after the delivery date has passed, Buyer shall have the right to direct Seller to make shipments by the most expeditious means, and the total cost of such expedited shipment and handling shall be borne by Seller.
- (c) Seller shall comply with Buyer's routing and shipping instructions. If Buyer's routing and shipping instructions are not attached to the Order or have not been previously received by Seller, Seller shall immediately request such instructions from Buyer. Seller shall remain liable for any and all additional charges which accrue as a result of Seller's failure to comply with Buyer's routing and shipping instructions, including Buyer's specified carrier.
- (d) Unless otherwise specified in the Order, Seller shall be responsible for safe and adequate packing conforming to the requirements of carriers' tariffs or, in the absence of such requirements, conforming to the best commercial practices. All expendable packaging materials must be legally and economically disposable or recyclable. Wooden packaging from Seller must conform to International Standards for Phytosanitary Measures (ISPM 15) regarding the Regulation of Wood Packaging

Material in International Trade (2019), as amended. Seller shall separately number all containers, packages, etc., showing the corresponding number on the invoice. An itemized packing slip bearing the Order number must be placed in each container. Unless set forth in the Order, Seller shall not charge extra for packaging or packing materials.

(e) Unless prohibited by applicable law, Seller may be subjected to liquidated damages for delivery of any Items or performance of any Services after the delivery date set forth on the Order in the amount of one percent (1%) of the total value of the delayed Item or Service for each day delivery or performance is delayed beyond the delivery date set forth in the Order (up to a maximum amount of twenty-five percent (25%) of the total value of the delayed Item or Service). Seller shall pay any liquidated damages within sixty (60) calendar days of Buyer's acceptance of the Items or Services or Buyer may adjust payment amount to account for liquidated damages incurred. Buyer's right to recover liquidated damages shall be in addition to all other rights and remedies that Buyer has under the Order. The total amount of liquidated damages shall be subtracted from the line item value. If the delivery delay was as a result of any action taken on the part of Buyer, Seller shall notify Buyer in writing at the time the delay occurs and request that Buyer waive liquidated damages provided herein. Failure to notify Buyer may result in liquidated damages.

(f) Any overshipment allowances require prior Buyer authorization and will be applied to either the line item or entire Order, at Buyer's discretion. Unauthorized overshipments shall be returned to Seller at Seller's sole expense.

(g) Unless otherwise specified in the Order, Seller shall bear the risk of loss and damage to all Items supplied hereunder until final acceptance by Buyer. Buyer shall have equitable title to all Items for which interim, partial, or progress payments have been made to Seller. Title of Item passes upon final acceptance by Buyer.

5. QUALITY CONTROL AND NON-CONFORMANCE:

(a) Seller and its suppliers shall establish and maintain a quality management, inspection and counterfeit parts program acceptable to Buyer and consistent with current industry standards (e.g., ISO9001, AS9100, AS9115, AS9120, AS5553, AS6496, AS6174, etc.). Seller shall permit Buyer to review procedures, practices, processes and related documents to determine such acceptability. Seller shall have a continuing obligation to promptly notify Buyer of any violation or deviation from Seller's approved inspection/quality control system and to advise Buyer of the quantity and specific identity of any Items or Services provided to Buyer during the period of any such violation or deviation. If Seller learns of any violations of its obligations under this Quality Control and Non-Conformance Article, Seller shall within forty-eight (48) hours so notify Buyer and within sixty (60) calendar days must rectify the non-compliance issues. If the violation is not corrected and certification has not taken place within this time frame, then Buyer at its sole discretion may terminate the Order. Seller will notify Buyer of any changes that affect quality within twenty-four (24) hours of that change. These changes include, but are not limited to, change in key management or personnel, change in source of supply of key materials, change in address or site configuration.

(b) Subject to applicable national security regulations, Seller shall provide Buyer and Buyer's customer right of access, on a non-interference basis, to any area of Seller's or Seller's supply chain sub-tier premises where any part of the work is being performed. Seller shall flow this requirement down to its sub tier supply chain suppliers as a condition of the Order. Seller shall, without additional costs to Buyer, provide all reasonable in-plant accommodations, facilities, and assistance for the safety and convenience of Buyer and Buyer's representatives in the performance of their duties.

(c) An Order may include requirements for design, test, inspection, verification (including production process verification), use of statistical techniques for product acceptance, and related instructions for acceptance by Buyer, and as applicable, critical items including key characteristics and requirements for test specimens (e.g., production method, number, storage conditions) for design approval, inspection/verification, investigation or auditing. Seller shall properly test and inspect its Items in accordance with the Order requirements and applicable law. Buyer and Buyer's customer shall have the right, but not the obligation, to inspect and test material, work in process, services and supplies. Seller shall keep and maintain inspection, test, and related records, for a period of six (6) years following completion of the Order. Seller shall allow copies to be made and shall furnish all records required by Buyer or Buyer's customer.

(d) Seller shall notify Buyer within forty-eight (48) hours upon Seller's discovery that an Item or Service is non-conforming. If Seller delivers a non-conforming Item or Service, Buyer may, at its option and Seller's expense: (i) return the Item or Service for refund or credit; (ii) accept all or part of the Item or Service at a mutually agreed upon price reduction or other consideration; (iii) require Seller to promptly correct or replace the Item or Service; (iv) obtain a conforming Item or Service from another source; (v) cancel the Order for default, or (vi) exercise any other applicable rights or remedies. Buyer shall specify in writing the reason for any rejection of a non-conforming Item or Service. If Buyer elects to return the non-conforming Item or Service, Seller shall provide disposition instructions regarding the non-conforming Item or Service, and if applicable, the date the non-conforming Item or Service will be repaired or replaced and returned to Buyer. Seller shall bear all risk of loss for the non-conforming Item or Service and be liable for any increase in costs, including re-procurement costs, attributable to Buyer's rejection of the non-conforming Item or Service. If Buyer rejects an Item or Service as non-conforming and Seller does not acknowledge Buyer's rejection and plan of disposition for the Item or Service within two (2) business days, Buyer will be entitled to dispose of the non-conforming Item or Service without liability to Seller. Additionally, Buyer may elect to return the nonconforming Item or Service back to Seller at Seller's risk of loss and expense.

(e) Buyer's payment for any non-conforming Item or Service will not constitute final acceptance by Buyer, limit or impair Buyer's right to exercise any rights or remedies, or relieve Seller of responsibility for the non-conforming Item or Service. In the event Buyer decides for any reason to accept a non-conforming Item or Service, any costs incurred by Buyer for testing, evaluating, and manufacturing relating to the design changes to the Item or Service, shall be responsibility of Seller, and Seller may not pass along any costs in relation to the design changes.

(f) Final acceptance by Buyer of the Items or Services provided hereunder shall take place only after complete delivery of all Items or Services in accordance with the delivery schedule specified in the Order, or later as agreed upon by the Parties in writing, and after final inspection of those Items or Services by Buyer and Buyer's customer. Final acceptance shall be contingent upon agreement by Buyer and Buyer's customer that the Items or Services conform to the requirements of the Order. Final acceptance by Buyer is final, except for latent defects, negligent or intentional misrepresentations by Seller that a nonconformity or defect would be or has been cured or did not exist, acceptance induced by false or negligent assurances of Seller, or as otherwise provided in the Order or applicable law. Final acceptance by Buyer of the Items or Services delivered hereunder shall not limit, void, or affect in any way the warranty or indemnity granted by Seller hereunder. Payment alone shall not constitute final acceptance of the Items or Services rendered. The requirements and obligations in this Quality Control and Non-Conformance Article are material terms of the Order.

6. COUNTERFEIT PARTS:

(a) For purpose of this Article, the following definitions apply: (i) "Authorized Aftermarket Manufacturer" or "AAM" means an entity that fabricates a Part under a contract with, or with the express written authority of, the Original Manufacturer based on the Original Manufacturer's designs, formulas and/or specifications, usually due to the Original Manufacturer's decision to discontinue production.

- (ii) “Authorized Distributor” or “AD” means a distributor authorized in writing by an Original Manufacturer to distribute product within the terms of a contractual agreement. The term Franchised Distributor is synonymous with AD.
 - (iii) “Authorized Reseller” means a reseller that purchases Parts either from the Original Manufacturer or their ADs within the terms of a contractual agreement and then sells the part to the end user. Some Parts an Authorized Reseller would handle include Commercial Off-The-Shelf (COTS) assemblies and commodities and Information Technology (IT) equipment, hardware, fasteners, and raw materials.
 - (iv) “Authorized Source” means an Original Manufacturer, AD, AAM, Authorized Reseller, or other supplier approved by Buyer in writing that obtains Parts exclusively from an Original Manufacturer, AD, or AAM.
 - (v) “Contract Manufacturer” means a company that produces goods under contract for another company under the label or brand name of that company.
 - (vi) “Counterfeit Part” means (1) an unauthorized copy, imitation, substitute, or modified part, which is knowingly misrepresented as a specified genuine part of the original manufacturer, or (2) a previously used Electrical, Electronic, and Electromechanical Part which has been modified and is knowingly misrepresented as new without disclosure to Buyer that it has been previously used. Examples of a Counterfeit Part include, but are not limited to, the false identification of grade, serial number, date code, or performance characteristics. NOTE: This definition shall be read so as not to conflict with the definition for “counterfeit electronic part” cited in DFARS 252.246-7007, where that definition shall govern to the extent that clause applies.
 - (vii) “Electrical, Electronic, and Electromechanical Part” or “EEE Part” means a component designed and built to perform specific functions using electricity and is not subject to disassembly without destruction or impairment of design use. Examples of an electrical part include but are not limited to resistors, capacitors, inductors, transformers, and connectors. Examples of an electronic part include but are not limited to active devices, such as monolithic microcircuits, hybrid microcircuits, diodes, and transistors. An electromechanical part is a device that has electrical inputs with mechanical outputs, or mechanical inputs with electrical outputs, or combinations of each, including but not limited to motors, synchros, servos, and relays. Although some electromechanical parts may typically be referred to as assemblies, for the purpose of these terms, they are considered to be electromechanical parts.
 - (viii) “Independent Distributor” means a distributor that purchases parts (typically from excess inventories) from an Original Manufacturer, Contract Manufacturer, or other distributor (authorized or independent) with the intention to resell them back into the market to other Original Manufacturers, Contract Manufacturers, or other distributors. Independent Distributors do not have contractual agreements with the Original Manufacturer.
 - (ix) “Original Component Manufacturer” or “OCM” means an entity that designs and/or engineers a Part and is entitled to any intellectual property rights to that Part. The Part and/or its packaging is typically identified with the OCM’s trademark. OCMs may contract out manufacturing and/or distribution of their Part. Different OCMs may produce or supply Parts for the same application or to a common specification.
 - (x) “Original Equipment Manufacturer” or “OEM” means a company that manufactures and assembles Parts that it has designed from purchased materials/components and sells those Parts under the company’s brand name.
 - (xi) “Original Manufacturer” means an OCM or OEM.
 - (xii) “Part” means broadly all parts, including EEE Parts, products, materials, chemicals, assemblies, subassemblies, hardware, and all other components or pieces of components that may go into an Item. A Part can also be an Item.
- (b) Authorized Acquisitions.
- (i) Seller shall purchase or acquire all Parts directly from Authorized Sources. **SELLER SHALL NOT PURCHASE PARTS FROM OR USE INDEPENDENT DISTRIBUTORS TO SUPPLY PARTS WITHOUT THE PRIOR WRITTEN CONSENT OF BUYER.**
 - (ii) Authorized Distributors shall only purchase EEE Parts directly from the Original Manufacturer. Buyer will not accept EEE Parts from other ADs or Independent Distributors without prior written authorization.
 - (iii) Contract Manufacturers and Authorized Resellers (including any Contract Manufacturer or Authorized Reseller providing Maintenance Repair and Overhaul (MRO) services) shall only purchase Parts from the Original Manufacturer or their ADs.
- (c) Seller shall not furnish Counterfeit Parts or suspect Counterfeit Parts to Buyer under an Order. Seller shall provide to Buyer or use in Items delivered to Buyer only new and authentic Parts, traceable to the Original Manufacturer. For all purchases, Seller shall ensure the Part remains unchanged from the Part sold by or acquired from the Original Manufacturer and the certifications show the chain of custody from the Original Manufacturer. Upon request, Seller shall provide authenticity and traceability records to Buyer. Seller shall immediately notify Buyer in writing if Seller cannot provide a Part traceable to the Original Manufacturer. Upon receipt of such notification, Buyer reserves the right to terminate the Order at no cost to Buyer and/or require Seller, at Seller’s cost, to assist Buyer with material validation testing and inspection at an independent test facility of Buyer’s choice.
- (d) If Seller becomes aware or suspects that it has furnished a Counterfeit Part to Buyer under the Order, Seller shall promptly notify Buyer of such no later than fortyeight (48) hours after discovery. Seller shall not invoice any Counterfeit Part or suspected Counterfeit Part. Any Counterfeit Part or suspected Counterfeit Part that has already been invoiced shall be deducted from the value of the Order. Buyer may, at Buyer’s sole option, elect not to return the Counterfeit Part or suspected Counterfeit Part to Seller. If Buyer chooses to return the Item or Part to Seller for Seller to remove the Counterfeit Part or suspected Counterfeit Part, Buyer requires Seller provide a certification of destruction through an independent third party chosen by Buyer to prove Seller’s destruction of the Counterfeit Part or suspected Counterfeit Part. Seller shall replace, at Seller’s own expense, such Counterfeit Part with a Part from an Original Manufacturer or a Buyer-approved Part that conforms to the requirements of the Order. Seller shall be liable for all costs related to (i) the investigation and traceability of any Counterfeit Part or suspected Counterfeit Part, (ii) the replacement of any Counterfeit Part, and (iii) any testing or validation necessitated by the installation of authentic Items or components of Items after a Counterfeit Part has been replaced. Buyer’s remedies shall not be limited by the Warranty Article in the Order and are in addition to any remedies Buyer may have at law, equity, or otherwise under the Order. Seller shall include this Counterfeit Parts Article in all of its lower tier subcontracts.

7. INVOICING, PAYMENT, AND TAXES:

- (a) Unless otherwise provided by Buyer on the face of the Order, terms of payment are net sixty (60) calendar days from the latest of the following: (i) Buyer's receipt of an accurate and approved invoice; (ii) the date the Items or Services are delivered and finally accepted, or (iii) the date provided in the Order for receipt of Items or completion of Services. For interim payments under a financing arrangement, except where Buyer or Buyer's customer requires an audit or other review of a specific payment request, payment terms are net sixty (60) from Buyer's receipt of an accurate and approved invoice. Seller shall notify Buyer in writing within thirty (30) calendar days of the occurrence of any alleged payment disputes. Buyer shall pay Seller the prices set forth on the Order for Items delivered and finally accepted or Services rendered and finally accepted, less any deductions provided in the Order. If Seller does not return the acknowledgement page of the Order and commences performance, Buyer shall only be responsible for payment for the work performed to the extent that the work was required by Buyer, not to exceed the amounts set forth in the Order. All payments shall be made in U.S. Dollars with no adjustments for currency exchange rates. The Parties shall consider the invoices paid on the date the check is postmarked and mailed to Seller. For invoices subject to a prompt payment discount, the discount period will be computed from the date of receipt of a correct invoice to the date Buyer issues a check.
- (b) Seller shall issue a separate invoice in English for each shipment or each billing period. There shall not be a lapse of more than thirty (30) calendar days between performance and submission of an invoice. Seller shall not backdate any invoices. Unless otherwise instructed by Buyer, each invoice shall include: (i) Buyer Order number and line number; (ii) Buyer line description (as referenced on the Order); (iii) the unit price and total price; (iv) Seller's invoice number and date; (v) the payment terms; and (vi) a description of the work performed. Upon Buyer's request, Seller shall provide a reconciliation of all invoices submitted to Buyer.
- (c) Each payment made shall be subject to a reduction for any amounts found by Buyer, Buyer's customer, or Seller not to have been properly payable, including any overpayments. Seller shall promptly notify Buyer of any overpayments and remit the overpayment amount to Buyer along with a description of the overpayment. To the extent permitted by applicable law, Buyer, and any affiliate or subsidiary of Buyer, may withhold, deduct, or setoff all money due, or which may become due, from Buyer arising out of Seller's performance under the Order or any other transaction Buyer and its affiliates or subsidiaries may have with Seller.
- (d) Unless otherwise approved by Buyer in writing, the prices for the Items and Services in the Order include and Seller shall be responsible for the payment of any applicable federal, state, and local taxes, duties, tariffs, or other similar fees (collectively "taxes") imposed by any government, unless Seller obtains an applicable exemption. Seller represents that the price does not include any taxes, impositions, charges, or exactions for which it is eligible to obtain or has obtained a valid exemption certificate or other evidence of exemption. Any taxes in the Order shall be itemized separately on Seller's invoice.
- (e) **FOR COST TYPE AND TIME AND MATERIAL ORDERS ONLY:** Buyer shall not be obligated to pay Seller for amounts in excess of the Not to Exceed ("NTE") amount of the Order as set forth on the face of the Order or any duly authorized modifications. Seller shall provide written notification to Buyer upon invoicing eighty percent (80%) of the authorized funding under the Order. Such notification will include an estimated cost to complete the Order. If the total estimated cost to complete (taken into account the actuals incurred) is greater than the NTE amount, then such notification also shall contain the costs to date, estimate costs to completion, and total costs, together with supporting reasons and documentation. Seller is not authorized to incur costs in excess of the NTE amount until Buyer notifies Seller in writing that the NTE amount has been increased.

8. CHANGES:

- (a) Buyer may, at any time and without notice, direct changes in writing and seek a modification of the Order, subject to the mutual agreement of the Parties, for: (i) drawings, designs, or specifications; (ii) method of shipment or packing; (iii) time and/or place of delivery, inspection, acceptance, or performance; (iv) the quantity of Items ordered or Services to be performed; (v) the statement of work; (vi) method or manner of performance; (vii) any property, facilities, equipment, or materials to be provided by Buyer under the Order; and (viii) the terms and conditions of the Order required to meet Buyer's obligations under the Buyer's customer contract.
- (b) During performance of the Order, Seller shall not make any changes in the Services to be performed or in the design or manufacturing of Items to be furnished by Seller under the Order, including any changes to the process, manufacturing location, or use of suppliers, without advance notification to and written approval of the Buyer's Procurement Representative. Only the Buyer's Procurement Representative has authority on behalf of Buyer to make changes to the Order, which shall be in writing. Items or Services that change without prior notification and consent shall be deemed nonconforming Items or Services under the Order. The issuance of information, advice, approvals, or instructions by Buyer's technical personnel shall be deemed expressions of personal opinion only and shall not affect the Parties' rights and obligations hereunder, unless the change expressly states that it constitutes an amendment to the Order and is signed in writing by the Buyer's Procurement Representative. If Seller considers that Buyer's conduct constitutes a change, Seller shall notify Buyer immediately in writing as to the nature of such conduct and its effect upon Seller's performance.
- (c) If any written change causes an increase or decrease in the estimated costs or the time required for performance of the Order, Seller shall promptly notify Buyer and assert its claim for equitable adjustment in writing within thirty (30) calendar days after the written change is ordered or within such extension as Buyer may grant in writing. Buyer may, in its sole discretion, consider any such claim regardless of when asserted, except that no claim for equitable adjustment shall be allowed after final payment. Nothing in this clause shall be deemed to constitute acceptance by Buyer of the validity of Seller's claim or any part thereof. Once asserted, an equitable adjustment to the Order price and/or delivery schedule may be made and the Parties may modify the Order in writing accordingly. Any equitable adjustment in price to which Seller may be entitled as a result of an increase in the quantity of Items or Services ordered shall not exceed the unit price established for such Items or Services herein or the NTE amount (for cost type). If the Parties are unable to agree upon an equitable adjustment, the matter will be resolved in accordance with Governing Law and Disputes Article.

9. WARRANTY:

- (a) Seller represents and warrants that the Items and Services provided hereunder: (i) shall conform to the requirements of the Order, the applicable specifications, and, to the extent not inconsistent therewith, Seller's documentation; (ii) shall be merchantable; (iii) shall be fit for the use intended by Buyer, whether expressed or reasonably implied, and/or which is stated on any packaging, labeling, or advertising; (iv) shall be free from security interests, liens, or encumbrances and of good title; (v) will not infringe or otherwise violate the intellectual property rights of any third party; and (vi) are and when delivered to Buyer shall be free from viruses, spyware, and other similar harmful and destructive code designed to damage, destroy, reveal, or alter any software, hardware, or data, permit unauthorized access to any software or hardware, or disable any program automatically. Seller represents and warrants that for a period of twelve (12) months after final acceptance by Buyer the Items furnished hereunder shall be free from defects in material, workmanship, design, and fabrication. In the case of latent defects, Buyer's rights to corrective action by Seller shall commence upon Buyer's discovery of the latent defect and notification of Seller thereof.
- (b) Seller represents and warrants (i) its performance of the Order does not and will not violate or conflict with any agreement to which Seller is a party; (ii) there is no pending or threatened litigation that would have a material adverse impact on its performance under the Order, (iii) Seller or any of its officers or directors are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any federal agency, and (iv) it will perform all Services in a

professional and competent manner using properly qualified and trained personnel with the degree of skill and judgment normally exercised by recognized professionals delivering or performing the same or similar services.

(c) Remedies for breach of any of these warranties shall be at Buyer's election, including those specified in Article 5(d) (Quality Control and Non-Conformance) for non-conforming Items and Services. Seller shall follow the procedure set forth in Article 5(d) (Quality Control and Non-Conformance). Any Items or Services corrected or replaced pursuant to this Warranty Article shall be subject to all provisions of this Warranty Article to the same extent as Items and Services initially delivered.

(d) The warranties set forth herein shall survive inspection, test, final acceptance, and payment of Items and Services. The approval by Buyer of Seller's design or material used or Buyer's inspection of same shall not relieve Seller from any obligations under the warranties set forth in the Order. The warranties set forth in the Order shall run to Buyer, Buyer's customers, and any users of the Items or Services, and shall not be deemed to be the exclusive rights of Buyer, but shall be in addition to other rights of Buyer under law, equity, or the terms of the Order.

10. END OF LIFE AND SUPPORT:

(a) Seller shall notify Buyer in writing if any Items or any parts, subcomponents, components, assemblies, or subassemblies in the Items delivered hereunder, including those supplied by Seller's lower-tiered subcontractors, are or are expected to be going out of production or will no longer be commercially available. Such notice shall:

(i) be provided to Buyer at least twelve (12) months prior to the anticipated date of discontinuance or unavailability, or if twelve (12) months' notice is not reasonable given the circumstances, as soon as practically possible; and (ii) specifically identify the name and address of the supplier and the part by name, part number, function, and the location in the Item delivered. In such case, Seller shall make available to Buyer and hereby grants Buyer a royalty free license to use all drawings, specifications, data, and know-how to enable Buyer or Buyer's customer to manufacture or procure the Item, component, subassembly, or spare part.

(b) Seller shall support the Items purchased hereunder during the operational life of the Items or for a period of ten (10) years from the date of final shipment under the Order and expiration of any warranty period. Support includes, but is not limited to, technical service for the Item. Additionally, Seller shall maintain an inventory of subassemblies and spare parts as may be required to support the operation of the Item.

11. SUSPENSION OF WORK: Buyer shall have the right to direct Seller in writing to suspend all or any part of the work for a period of time not to exceed one hundred twenty (120) calendar days, and for any further period as the Parties may agree or as extended by Buyer's customer. Upon receipt of the written stop work notice, Seller shall immediately comply with the terms of the notice and shall take all reasonable measures to mitigate the costs allocable to the suspended portion of the work.

At the end of the suspension period, Buyer shall either (i) cancel the suspension, or (ii) terminate the work covered by the suspension as provided for in the Termination for Convenience Article of the Order; provided that a suspension may only be canceled or work terminated by written notice from the Buyer's Procurement Representative, regardless of the expiration of the suspension period. If Buyer cancels the suspension, Seller shall immediately commence performance, notwithstanding the fact that there is no agreement as to a revised schedule or the cost of completing the Order. If work is suspended, an equitable adjustment may be requested in accordance with the provisions of Article 8(c) (Changes) for any increase in the time and the cost of performing the Order necessarily caused by such suspension, exclusive of profit, and the Order may be modified in writing accordingly. For cost type Orders, Seller shall request the equitable adjustment prior to the incurrence of any costs in excess of the NTE amount.

12. FORCE MAJEURE: If either Party cannot perform, in whole or in part, any of its obligations under the Order because of any act of God, act of any government, government delay, court order, public enemy, fire, flood, pandemic, epidemic, strike, freight embargo, industrial disturbance, or any other cause beyond the Party's reasonable control, and provided further that the Party could not have mitigated, avoided, or prevented the cause or delay through the exercise of reasonable care and precautions (a "Force Majeure Event"), then the non-performing Party will (i) promptly notify the other Party in writing, (ii) take commercially reasonable steps to resume performance as soon as possible, and (iii) not be considered in breach during the duration of and to the extent its performance is prevented by the Force Majeure Event. In the event a Force Majeure Event continues for a period of fifteen (15) calendar days, Buyer may terminate such part of the Order remaining to be performed by providing written notice to Seller with no further liability to Buyer.

13. FURNISHED PROPERTY: Buyer may provide drawings, tools, dies, fixtures, materials, and other property owned by Buyer or Buyer's customer ("Buyer Furnished Property") solely for Seller to use in the performance of the Order. All rights, title, and interest in the Buyer Furnished Property shall remain with Buyer or Buyer's customer. Seller shall clearly mark, maintain an inventory and keep segregated or identifiable all of the Buyer Furnished Property. Seller shall manage, maintain, and preserve the Buyer Furnished Property in accordance with good commercial practice, and upon Buyer's reasonable request, provide Buyer written records of Seller's management, maintenance, and preservation of the Buyer Furnished Property, including any inventory lists. The Buyer Furnished Property shall be promptly returned to Buyer on request or upon completion or termination of the Order. Seller shall include this clause, for the benefit of Buyer, in all lower-tier purchase orders and subcontracts awarded in the performance of the Order.
